TWILIGHT: 2000

By Air or By Sea

Airlords of the Ozarks

Ozark Mountains of Arkansas, 2001: On a mission through some of the most rugged terrain in the central states, the player characters must infiltrate and gather information on New America, a bizarre right-wing organization determined to build an empire from the ashes of the United States. As a means toward that end some of their elements have taken to the air in ultralight aircraft and dirigibles they have found or made themselves—the airlords now have control of the skies over the Ozarks from which they enforce their will. The player characters will also discover Operation Eaglestrike, a plot involving salvaged cruise missiles. \$7.00.

Gateway to the Spanish Main

The Southern Caribbean, 2001: In the '90s, a replica of the U.S.S. Constitution was constructed by a California film company, complete with masts, rigging and phony cannon. Who would have suspected at the time that that vessel would have a serious role in a real-life adventure in the Caribbean just a few years later. As crewmembers of the Constitution, the player characters become involved in a kidnapping plot and the vessel's role in the southern Caribbean American...

From the Management

The blanket genre of science-fiction covers a terrific variety of topics and writers. Everything from the humorous Hitchhiker's Guide series to the starfaring Foundation series to the chaotic realms of Hell can all be on the shelves so casually marked as science-fiction. For the romance and bestseller readers, keeping all that space tripe out of the way must seem like the thing to do. Only science-fiction fans realize the genre contains infinite subject matter, characterization, writing style, histories, societies—you name it!

It would, therefore, be ludicrous to assume that a single science-fiction role-playing game could possibly be sufficient to recreate all of these different areas of science-fiction. Certain assumptions about the universe have to be made when the game is designed, and with each decision made, thousands of possible science-fiction environments are ruled out. For example, if a game system calls for hyperspace starship travel, that pretty much rules out recreating Niven's universe which envisions no such devices, not to mention such environments

CONVENTIONS

DUNDRACON XII

February 12-15, Oakland, Calif. Events include games, seminars, a figure-painting contest, SCA demos, a flea market, and a dealers' room. We have added a play-by-mail mini-con featuring guests and live versions of several of your favorite pbm games. Rates: \$20 until Feb. 1, \$10 and \$25 at the door. Write DUNDRACON XII, 386 Alcatraz, Oakland, CA 94618.

MISCONCEPTION, TOO

April 8-10, Auraria Student Center, Ninth and Larimer, Denver, Colo. Events will be AD&D, Battletech, Champions, SFB, and more. Fees: \$3 now, \$4 at the door, and \$1 per tournament. Write Auraria Gamers' Club, Metro State College, 1006 11th St, Box 39, Denver CO 80204.

MINIATURES

1:87 SCALE T-72 MBT

Petner Panzers has released the first in a series of 1:87th scale modern Soviet vehicles and equipment: a T-72 Main Battle Tank. Injection-molded in a dark-green styrene plastic, the model requires a little assembly and is nicely detailed. Contact Petner Panzers, PO Box 1221, Bensalem, PA 19020-0844.

1:87 SCALE T-62A MBT

Armourtec Scale Models has announced the release of the first of a line of 1:87th scale modern Soviet equipment: the T-62A Main Battle Tank. A BMP-1 will be released, followed by a BTR-60PB and a T-54/55 MBT. Contact Armourtec Scale Models, PO Box 51550, Pacific Grove, CA 93950-6550.

COMPUTER PROGRAMS

Marcus L. Rowland is now selling an SFRPG world-generation program for IBM PCs and compatibles. Send a SASE and an international reply coupon to: Marcus L. Rowland, 22, Westbourne Park Villas, London W2 5EA, ENGLAND.
